### HERBERT BARTLETT SAWYER

1879-1969

The Selectmen of the Town of Sunapee proudly dedicate the 1969 annual Town Report in memory of Herbert Bartlett Sawyer. Mr. Sawyer served the town in many capacities during his time in Sunapee.

Mr. Sawyer served as Selectman, Town Treasurer, a member of the Sunapee School Board, Supervisor of the Check List, Fire Warden, a member of the Trust Fund Commission and a member of the Board of Trustees of the Abbott Library.

It is with deep appreciation that we dedicate this report to Herbert Bartlett Sawyer.

## TOWN OF SUNAPEE

The 202nd year for the Town of Sunapee was quite eventful. As you will see in this report, the full impact of the revaluation really hit us. The re-adjustments of land frontage and property values were quite extensive. These kept us very busy for several nights each week for the full year. We still have several left to do and the tax commissioners have several to rule upon.

Sewerage and water, final plans were completed and approved by the State Water Pollution Board and sent to HUD for final approval. The extended plans for Birch Point have yet to be done. We have been notified by Senator Norris Cotton that money for this project has been approved by HUD.

We plan to have a Board of Sewer Commissioners elected at our coming Town Meeting, after first passing an article for the election of same.

The Town is faced with three big projects at the present time: sewerage, water, schools. In our opinion, number one should be sewer because to build a new school or anything, it is necessary to have waste disposal. We have applied to F.H.A. for a grant to help defray the town's share of this project.

The water project will be a self-write-off deal, being paid for by the water users over a period of years.

Our school system is another item. How fast will our school population grow? Can we get by with more portable classrooms? This is a big problem. We hope the School Board can come up with some good answers.

We hope the people approve of our remodeling project in the town offices. The plans for this were drawn up by the Manual Science Classes at Sunapee High School. This has been a great help to your board.

In closing, we wish to thank all committees and all officials, both elected and appointed for their help and cooperation during this past year. This has helped to make our job easier.

Respectfully Submitted,  
 GEORGE I. WIGGINS  
 ERNEST L. CUTTING II

## ENGINEERS REPORT

From December 1, 1968 to November 3, 1969 your Fire Department answered a total of 24 alarms of which 23 were in the town of Sunapee. The town suffered one of the most costly fires in its history with the damage to the Micro-Precision Shop on April 7, 1969.

Additions including three new alarm boxes have been made during the past year. Other changes in the system are planned for 1970.

Members of Engine 3 at Georges Mills wish to acknowledge the receipt of a \$1,000.00 trust fund from the estate of C. B. Robinson.

The new Tanker and Ladder trucks are now in operation and we feel that these are very valuable additions to our department.

The Engineers are interested in receiving applications for membership from men who would be

readily available during the daytime hours.

*Respectfully,*

DAVID W. SHERBURNE

HENRY W. TROW

CLAUDE E. GARDNER

GUY E. ALEXANDER

The Engineers request an appropriation of \$8,120.00 for the year 1970.

## REPORT OF THE FOREST

### FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

### Fire Permit

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burnign. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

### Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

### Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.

2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.

3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.

4. For dropping inflammable material in or near woodland maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

## ABBOTT LIBRARY

### Report for the Year Ending Dec. 31, 1969

Activities in the library this year have included a weekly film program for children pre-school through grade 6 from January-May and October-December. A reading program during July and August and a weekly story-time from July 2-August 27 and a display during National Library Week centered on the theme of Peace.

A new double stack was added on the main floor to accommodate the growing collection of non-fiction and reference book. Commercial floor covering was installed on the main floor and the stairs. Combination windows were installed and the outside wood trim was painted and the front steps repaired.

As the result of a survey to promote Library use conducted in the Spring, a copier was purchased and arrangements are being made to have a book-drop installed in the front door.

A trust fund to be known as the Claire L. Doherty Memorial Fund, was established by her husband, William P. Doherty, in the amount of \$2,000 which was deposited with the New Hampshire Charitable Fund, the income to be paid annually to the Abbott Library Trustees for the purchase of books.

The Friends of the Abbott Library purchased an 8-drawer shelf list file cabinet and paid the travel expenses for the Librarian to attend a 10-week course in Library Science offered by the University of New Hampshire at Keene State Teachers College.

I have attended quarterly District Advisory Council meetings and bi-monthly book selection meetings; the National Library Week meeting in Concord and a National Library Association public relations workshop meeting in Boston and was a delegate to the Waterville Valley Statewide Library Conference. At the New Hampshire Library Association meeting at Plymouth State Teachers College the Abbott Library received special recognition when the Librarian and William P. Doherty, Trustee, both received certificates of merit "in recognition of the significant contribution made for the betterment of Library services and the stimulation of interest in Library affairs."

I wish to express my appreciation to the Library Trustees for the assistance they have given me.

Respectfully submitted,  
MABEL S. DAVIES

## THE PLANNING BOARD

The Planning Board met with the State officials and Town officials in regards to having the sand berm removed where they blocked off the approach to the dump from Route 11. They agreed to draw up a more practical approach to Sargent Rd. and the dump. At the same time a request was granted for lighted school signs warning of the crossing. The Board met with the Conservation Committee with hopes of using Dewey Woods with Dewey Beach.

They met with the Chief of Police to discuss ordinances for the Town. The Board appointed a committee of six to investigate the feeling of the public toward securing the Bene Mere property for Town use, and the best ways available.

They met with Mr. Quinn from the Department of Resources and Economic Development. They are investigating the possibilities of Subdivision Ordinances.

## ANNUAL REPORT

### The Sunapee Conservation Commission

During the past year the Sunapee Conservation Commission held three formal meetings primarily to approve work that had been done between meetings, and to discuss plans and proposals aimed at preserving the environment of the Sunapee area.

Last April Mr. Stanley Rastallis of the New England Forestry Foundation was hired as a consultant on a two-year contract. He is to work when assignments are given him at \$6.00 per hour plus mileage. His first assignment was to lay out and survey a parking lot off Granliden Road in the Dewey Woods, trails through the woods passing by the beaver pond on the property, determine if the town could obtain a scenic vista right of way from the rocky knoll on the Bartlett part of the woods, develop a specific nature trail that could be used as an outdoor ecological and geological classroom by the school, and check the timber on the property.

It was also planned that there should be a program of roadside beautification along the roads bordering the woods. Furthermore, it was strongly urged that tree weeding should be initiated in the woods at least on an experimental basis. This means that in order to keep the town's trees in the most healthy condition possible they periodically be given increased space in which to grow. In actual practice this involves the thinning out of stands so that the best trees can grow faster.

Mr. Rastallis was also assigned the job of checking easements along both sides of the brook running from Trow Hill south to the Sugar River in the Lower Village, in order that the Commission at some time in the near future may take action to protect the shoreline and keep the stream clean for long range recreational purposes by obtaining easements or actually purchasing the land along the banks. The map of the brook area will be posted at the Town Meeting.

At the October meeting the Selectmen requested that the Commission set up a forestry program on all the town-owned plots was discussed. Before beginning such a program it was thought advisable that Mr. Rastallis should check all bounds of the property, then make a land use report on all the plots. It was agreed to try to establish a town conservation fund with the help of the Spaulding-Potter Charitable Trust. If the Town raises the sum of \$1,000 the Trust will add 50% to the fund. It was also agreed that the Commission should ask for an additional \$500 to cover the cost of surveying all the town property. The article in the Town Warrant will therefore call for \$1,500. The Commission started the year with working funds of \$733.61. Commission funds now stand at \$764.74.

To summarize, the short term project of the Commission should be the locating and mapping of all forest-type town property and the preparation of a forestry management plan.

## SUNAPEE INFORMATION BOOTH

At the Sunapee Information Booth, we are open daily from 10 a.m. to 8 p.m. for the ten-week season, starting last of June through Labor Day. The last two weeks the booth is open, we change opening time to 9 a.m. and close at 7 p.m.

We keep a register for cottage residents around the lake which aids in location, help advertise all tourist attractions, map out travel routes and make motel and inn reservations whne desired.

This past season, thirty eight states and three Canadian Provinces were represented with 3,020 cars containing 9,881 passengers.

A conservative estimate on the business we were able to keep within Sunapee area amounted to nearly \$3,000 which I considr a fair return on investment of town funds.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Sunapee:

## Enrollment

The enrollment for the school year 1969-70 is 373 divided as follows:

Elementary	194
Junior High	56
Senior High	123

Total enrollment over the last seven school years may be of interest:

1963-64	268
1964-65	285
1965-66	297
1966-67	295
1967-68	337
1968-69	354
1969-70	373

## Classroom Space

Enrollment projections and possible steps toward resolving additional space requirements are covered in detail elsewhere in this Annual Report.

It must be thoroughly understood that there is *now* real enrollment pressure — especially at the elementary level. By adding an additional elementary teacher, it was possible to run two sections of Grade 1—allowing a good learning situation there. However, three other elementary grades presently have more than 30 students (Grade 2—36; Grade 3—33; and Grade 5—36). Generally accepted standards call for not more than 25 students per teacher in Grades 1 and 2 and not more than 30 students per teacher in Grades 3-6. Teacher Aides have been employed to assist teachers where the number of students is in excess of 35 per teacher.

The purchase of one Portable Classroom provided the one additional elementary station that permitted dividing Grade 1 into two sections. However, we are still faced with the need for several more elementary classrooms to provide an acceptable student-teacher ratio.

Sunapee has always taken pride in running small classes. Unfortunately, this is no longer possible at the elementary level, and will not be possible until more schoolroom space is provided. This situation will get progressively worse in the next two or three years. You should not postpone a solution to it.

## Staff — Curriculum

The Budget makes provision for an additional Science-Math position for the secondary level. This would make it possible to offer both Physics and Chemistry each year and permit some new course offerings in both Science and Math.

A graduating class of 22 will be replaced by a Freshman class of at least 30 next September. The

increase in enrollment is being realized at the secondary level as well as the elementary.

## Teachers' Salary Schedule

The subject of teachers' salaries has become an item of annual review by the teachers and the School Board. Representatives of the teachers present their proposals to the Board based on the situation as they see it locally, statewide, and nationally.

The School Board is faced with a situation of trying to maintain salary levels and working conditions which are both fair and competitive in order to retain competent teachers and to be able to obtain capable and high-quality replacements.

Major proposals of the Sunapee Teachers' Association to the School Board this year included:

- Increasing the base for the Bachelor's Degree from \$6,000 to \$6,800.
- Increasing the index between steps in the Salary Schedule from 5% to 6%.
- Increasing the payment for Health Coverage from the present \$100 per subscriber to full payment — which for family coverage would cost \$316.20.
- Increasing the payment for extra curricula duties from the present amounts to a percentage of the base salary ranging from 2.5% to 12%.
- Provision for a maternity leave policy.
- Several other items including Teacher Load, Class Size, Employment of Aides, which the Board did not consider to be within the province of the teachers to determine.

After considerable study and review, including several meetings with the Salary Committee of the Sunapee Teachers' Association, the School Board voted the following changes in the Salary Schedule for 1970-71:

- Raise the base for the Bachelor's Degree from \$6,00 to \$6,400.
- Retain the present 5% index.
- Increase the payment for Health Coverage from the present \$100 per subscriber to full payment — which for family coverage would cost \$316.20.
- Approve a percentage payment for extra curricula duties ranging from 2% to 8%.
- Establish a policy for maternity leave.

It should be pointed out that the relationship between the Sunapee teachers and School Board continues to be cordial and friendly at a time of teacher unrest in many communities in New Hampshire and the nation.

Respectfully Submitted,  
GORDON B. FLINT  
Superintendent of Schools

# REPORT OF THE PRINCIPAL SUNAPEE CENTRAL SCHOOL

January 26, 1970

Superintendent Gordon B. Flint

Two new scholarships have been left in trust for the school. The John Segalini Fund which was first awarded in 1969 and the Annie G. Leone Fund which will first be awarded in June, 1971. Details of these scholarships may be noted in the report of the Trustees of the Trust Funds.

The graduates of the Class of 1969 are attending the following post secondary schools:

University of New Hampshire (4), Plymouth State College (3), New Hampshire Vocational Colleges (2), Marymount Manhattan College (1), St. Anselms (1), Career Academy (1). Four members of the class are in the Armed Services.

The following students have been elected to the Sunapee High School Honor Society for 1969-70: Robin Densmore, Raymond Leone, Nancy Cutting, John Hokans, Juanita Wiggins, and Rosita Wiggins.

Mr. John Reed, the Guidance Counselor and I would like to call attention to the citizens of Sunapee and to the future graduates, the excellent system of Technical and Vocational Institutes being built by the State of New Hampshire. The Institutes, the nearest of which is in Claremont, should and can be of great benefit to the youths of the state and we recommend them most highly.

Respectfully,  
DAVID W. SHERBURNE, *Principal*

## SUNAPEE SCHOOL BOARD REPORT

At the last School Meeting a motion was voted by the people instructing the School Board to study the overcrowding in the first eight grades at Sunapee Central School and to report back at the next meeting with their recommendations.

Since last March the School Board has been meeting regularly studying the school building problems. At the very first meeting the following critical questions were raised:

1. How rapid will the student enrollment increase within the next five, ten or twenty years?
2. How soon is additional space needed which will result in a new school plant?
3. What future effect will Route 89 have on the population of Sunapee?
4. What will be the use of the present gymnasium if the high school is at a different location?
5. How large a school should be built? For how many students at which grade levels?
6. What will be the costs of a new school plant?
7. What kinds of programs will be offered at a new school which are not now offered and which programs will be expanded?
8. What sites are available in Sunapee for a new school location?

In the meetings following that first meeting the School Board attempted to answer these questions.

The Board felt that a study of this magnitude needed to be as accurate and meaningful as possible since so much was involved. For that reason the Board engaged the services of Irving W. Hersey Associates, Architects and Engineers of Durham, N.H., which has given advice on site location, school plant design and costs. The Board also engaged the services of the Center for Education Field Services, also of Durham, N.H., who has studied the town of Sunapee and its school and has reported on school population projections and possible plans to solve the school building needs in Sunapee now and in the future.

It is important to note that by actual experience the enrollment at Sunapee Central School has been increasing at a fairly rapid rate in recent years as is shown by this chart.

Year	Total School Enrollment
1950	197
1955	235
1960	252
1965	285
1966	297
1967	295
1968	337
1969	354
Present—Jan. 1, 1970	373

Trying to project what the enrollment might be in the future is quite difficult and can only be an estimate. There are several methods to arrive at a projected future enrollment. The Center for Educational Field Services in their report used three methods which they considered to be the most accurate. These projections indicate that the student enrollment in the Sunapee schools in 1980 will be somewhere between 489 and 628 students. This means that within the next ten years there will be somewhere between 114 and 253 additional students.

Our present school is overcrowded. Several of our elementary classes are too large for effective learning. It is evident that we need additional classroom space in the very near future.

The School Board and its advisors are studying two plans. Plan No. 1 would involve constructing a new high school for grades 7-12 at a new location. The present school would become an elementary school for grades 1-6.

Plan No. 2 would involve constructing a new school at a new location and transforming the present building into a high school for grades 7-12.

There are many factors which need to be considered before a decision is reached. The Board is attempting to study and consider all aspects possible.

It is evident, however, that we need to secure a new site for the construction of a new school. To this end we have placed an article in the School Warrant this year. We hope it will have your favorable consideration.

After we have completed our study it is our plan to present to the voters the proposal which we feel will result in the best education possible for our students. We welcome your comments and suggestions at anytime.

## **SCHOOL WARRANT**

### **THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the School District of Sunapee qualified to vote in District affairs:

You are hereby notified to meet at the School Auditorium in said District on the 10th day of March 1970 at nine o'clock in the forenoon to act upon Articles set forth in this Warrant. Articles 1, 2, 3, 4, and 5 of this Warrant covering the election of Moderator, Clerk, Treasurer, Member of the School Board and Auditors will be acted upon at 9 o'clock a.m. and voting will be by official ballot and check lists and the polls will remain open for this purpose from 9 o'clock a.m. until 7 o'clock p.m. At 1:30 o'clock in the afternoon the remaining Articles will be acted upon.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the ensuing year.

Article 4. To choose a Member of the School Board for the ensuing three years.

Article 5. To choose one or more Auditors and such Officers and Agents as the voters may judge necessary.

Article 6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and to pass any vote relating thereto.

Article 7. To see if the District will vote to raise and appropriate \$319,043.56, as recommended by the School Board for the support of schools, for the payment of salaries for School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of available income estimated at \$9,480.00.

Article 8. To see if the District will vote to raise and appropriate the sum of thirty thousand, nine hundred eighty-four dollars and fifty-one cents (\$30,984.51) to purchase the property presently owned by Guy E. Alexander, Richard H. Webb, Arthur A. Osborne, and George I. Wiggins, situated on North Road, Sunapee. This property was formerly owned by the late Florence E. Anderson and was known as Long View Terrace.

Article 9. To see if the District will vote to authorize any unencumbered balance accruing June 30, 1970 to be placed in a Capital Reserve Fund to be used toward the purchase of a new school bus.

Article 10. To transact any other business that may legally come before this meeting.

Given under our hands this 11th day of February,

nineteen hundred and seventy.
